SUMMARY

After nearly 10 years in nursing, I followed my passion for tech and committed to a career change. My unique combination of skills and experience allows me to bring trustworthiness, strong organisational skills, and exceptional attention to detail to any role, along with the ability to re-prioritise tasks according to project needs. Combined with strong interpersonal communication skills and dedication to my work, this makes me highly adaptable.

Accredited Course, The Association for Psychological Therapies (2022-2023)

EXPERIENCE

Junior Web Solutions Developer

📅 11/2024 - Present 📍 Norwich, UK

- Within 2 weeks of starting, learnt and began developing web apps using Zoho Creator, Deluge and PHP
- Worked on various projects for the company's clients, from debugging formulas or adding to existing CRM's, through to solo developing full web applications and associated REST API's from scratch within 3 months
- Utilised Kanban boards to self-organise projects, allowing for an agile methodological approach
- Produced documentation and "how-to" guides to assist others in performing tasks using Zoho Creator, for example handling the saving of image file uploads from a Zoho Creator app to an external server

Freelance Web Developer

📅 04/2024 - Present 📍 Remote

- Collaborating on freelance projects, supporting clients in building and enhancing dynamic web applications
- Acted as lead developer on group projects, handling the overall project management and leading product sprints, supporting and assisting other developers, completing relevant documentation and presenting the project to stakeholders at required intervals
- Utilising GitHub for version control and project management, applying best practices in code structure and documentation
- Developed a personal portfolio website to showcase coding projects, demonstrating skills in full-stack development, responsive design, and user experience

Senior Eating Disorders Nurse

Norfolk and Suffolk NHS Foundation Trust

📅 05/2022 - 06/2024 📍 Suffolk, UK

- Managed a caseload of up to 10 patients, providing community support, monitoring and therapy treatments over 20-week cycles to adults with eating disorders
- Conducted comprehensive assessments and developed personalised care plans, meeting key performance indicators and ensuring high standards of care
- Applied strong problem-solving and analytical skills to adapt and optimise treatment approaches, tracking routine outcome measures to assess progress and adjust interventions accordingly
- Used a combination of initiative and bold decisions to change treatment approach if indicated
- Supported the training and development of junior staff members, providing one-on-one mentoring, feedback, and guidance on patient care processes
- Lead the measurement and monitoring of the physical health of patients under the team's care, advising on appropriate physical treatment interventions

Staff Nurse

Norfolk and Norwich University Hospitals NHS Foundation Trust

📅 01/2021 - 05/2022 📍 Norwich, UK

- Managed the care of up to 21 patients across acute gastroenterology, gynecology, and coronavirus units, adapting to various care requirements
- Co-ordinated a full ward of up to 45 patients, including staff management and support, overseeing emergency interventions and bed management
- Provided mentorship and supervision to junior nurses and students, enhancing their practical skills and adherence to care protocols
- Developed strong interpersonal and communication skills, successfully managing a variety of sensitive discussions each day
- Worked quickly, effectively and safely under high pressure and tight time restraints

PUBLIC PROJECTS

BethCodes

🔗 <https://github.com/BethGeast/beth-codes>

Online personal portfolio website, coded from scratch myself

ADDITIONAL EXPERIENCE

Lead Singer & Multi-Instrumentalist

Move Your Brass

📅 06/2022 - Present

In my spare time, I follow my passion for music, performing at weddings and events (with audiences up to 1000 people) as a lead singer in a 10-piece function band. I also play alto and tenor saxophones and clarinet when required.
